Allowable Subject Matter

1. Claims 3-5, 17, 25-36 are allowed.
2. The following is an examiner's statement of reasons for allowance: Applicant's remarks filed 11/06/2007 are persuasive and substantially adopted as the reasons for allowance. With respect to claim 25, and 3-5, 17, 27-29, and 31-33, the prior art of record does not disclose a plurality of laser devices each supported proximate one of the discharge heads, each of the laser devices having a plurality of lenses surrounding the nozzle of one of the discharge heads, each of the laser devices emitting a plurality of light beams surrounding the predetermined trajectory of liquid drops from one of the discharge heads, the light beams providing light energy to the liquid drops when the liquid drops divert from the predetermined trajectories.

With respect to claim 26, 30, and 34-36, the prior art of record does not disclose a a head unit disposed so as to face the stage opposite the discharge head, the head unit including a laser device emitting a plurality of light beams through the stage and the substrate, the light beams spaced apart from and surrounding the predetermined trajectory of the liquid drops and extending in the same direction as the liquid droplets discharged from the discharge head, the light beams providing light energy to the liquid drops when the liquid drops divert from the predetermined trajectory, the head unit further including a collimator and a diffracting element disposed between the laser device and the stage so that the light beams pass therethrough.
